The film was released on December 15, 2016 by Walt Disney Pictures. It received positive reviews from critics and was a box office success, grossing \$843 million worldwide against a production budget of \$230 million. At the 87th Academy Awards, it was nominated for Best Adapted Screenplay and Best Animated Feature, and won Best Adapted Screenplay, becoming the first Disney film to win for that category since 2002's *The Lion King*. Plot A Bengal tiger cub named Mowgli is raised in the jungle by wolves. He is discovered by a circus and ends up in captivity, where he meets a Bengal tiger named King Louie. The tiger saves Mowgli from drowning and invites him to join the circus. After the circus sets fire to the jungle, Mowgli runs away. He meets Shere Khan, a Bengal tiger and leader of a wolf pack, and agrees to become Shere Khan's new pupil. Shere Khan takes Mowgli to see a tiger named Akela, who agrees to teach Mowgli how to be a tiger. A mother black bear named Mama learns that her cub has gone missing and searches for it, including with the help of the wolf pack. While searching, the mother bear is confronted by Akela, who mistakes her for a dangerous intruder and kills her. This leads the wolf pack to retaliate and attack Shere Khan's village. While playing with his pet black panther named Bagheera, Mowgli uses Shere Khan's fighting skills to defeat a wolf and help the wolf pack take down Shere Khan's village. Mowgli saves Akela's daughter from being attacked by a leopard, but Akela himself is mauled by a cobra, dying in his daughter's arms. Mowgli swears revenge on the cobra and is pursued by him. At Akela's funeral, Akela's son, the leader of the wolf pack, challenges Mowgli to a fight, believing that Akela's death was his fault. Mowgli fights the wolf leader, the only other person in the jungle besides Bagheera, but loses. 82157476af
